Instructions to download content for workshops

Instructions for server link

1. Go to this link http://spoken-tutorial.org/disc-source
2. You will see **zip files** of all the FOSS on this link.
3. Click on the **FOSS** category for your workshop.
4. A small window will prompt you to open/save the zip file. Pls save the zip file.
5. Extract the content from the zip file into a folder.
6. Open the folder.
7. Locate the **read-me-first.txt** file.
8. Open it and read it carefully.
9. Follow the instructions given inside to locate the **Installation** and **Instruction** sheets.

Instructions to be repeated for each computer

1. Do as directed in the **Installation sheets** to install the FOSS on all the computers.
2. Take print-outs of the **Instruction sheet** – one for each participant.
3. Copy the extracted folder on each computer before the workshop.

Instructions for Workshop

1. Hand-over one copy of the **Instruction sheet** to each participant before the workshop.
2. To begin the workshop, the participants have to open **index.html** file, which is present in the folder.
3. To do so, right-click on **index.html** and choose **Open with Firefox** option.
4. We recommend that all participants follow the sequence of topics as given in the **index.html** file for better learning.
